Hey there. Hope you had a good holiday.

I think when this was written, I was communicating that Jay was pissed that this language had appeared in a publicly filed document. I don't think he really meant that to do so was a federal crime in actuality. It was said " tongue in cheek ". No one thinks it actually is a

I think when this was written, I was communicating that Jay was pissed that this language had appeared in a publicly filed document. I don't think he really meant that to do so was a federal crime in actuality. It was said " tongue in cheek ". No one thinks it actually is a federal crime for Bartley to " puff" about a relationship with the USA.
